

Instructions from Hot Deals 4 Less®

- Hello,

We will be more than happy to authorize your return request for you. Your RMA request is open for 14 days once authorized and is automatically closed if the item isn't received before the 14 day period. Please return the item back to us using the Return Authorization Slip provided by amazon. Please make sure to include a copy of the return slip inside the package. In order to expedite processing your return.

Once the return is received we will check the package to ensure the product was entirely received and matches the serial number we have on file for your order. Please note if the item is being returned for a refund because it is defective then a detailed note of the issue will be required for testing. Once inspection is complete we will process the return according to the information you provided. Please feel free to contact us if you have any questions or concerns and thank you for your business.

Additional instructions for mailing your package

- Ensure that there are no other tracking labels attached to your package. If you are shipping a non-hazardous item, completely remove or cover any hazardous materials markings.
- Affix the mailing label squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side.
- If your package fits in your mail box or a postal box, deposit your package for your postal carrier to pick it up. If your package does not fit, bring it to any Post Office.
- To find your closest Post Office or USPS Collection Box, visit the [USPS locator](#) or go to www.usps.com and select Find USPS Locations.

Return Mailing Label

Cut this label and affix to the outside of the return package
